

Health Clinic Schedule

NOTE: The ophthalmology (eye) vet has indicated that he needs to leave about 3 PM. Because of this some dogs are scheduled prior to their assigned ring time (at least 2 hours). If you are able to come earlier (but after 10AM) or if your dog is finished in the ring before the assigned time please feel free to come over to the clinic.

Listing is in alphabetical order according to breed.

PLEASE NOTE: The time listed is for ALL dogs you have registered, unless otherwise indicated.

If you have elected to have CERF and heart they will be done at this time

If for some reason your name does not appear on the list please report at the time your breed is scheduled at the clinic

(NIC) on your information indicates that you have stated this dog is NOT showing in conformation this day.

See you Saturday. GOOD LUCK in the ring.
